

# Learning Thai Language Beginner

**Learning Thai Language Beginner** - The tricky script. The Thai script consists of 44 consonants and 15 vowels. Thai is read from left to right and it doesn't use spaces in the written language, which makes it tricky for beginners to recognize words. The tone of a syllable is determined by a combination of the class of consonant, the type of syllable,...6 Steps to Learn to Speak Thai as a Beginner. If you live in Thailand, search online for language meet-up events or look for conversation partners on sites like [conversationexchange.com](http://conversationexchange.com) (face to face language exchanges tend to be more serious and enduring).
